

Static Electricity

Across

2. Alike charges do this
4. Charge of an electron
8. Charge of a neutron
9. Enormous discharge of static electricity in nature
10. Does not allow free flow of electrons

Down

1. Charge of a proton
3. Flow of electrons
4. Where you find protons and neutrons
5. The smallest part of matter that makes up elements
6. These are collected when a balloon rubs on wool
7. Allows electrons to flow freely
11. Different charges do this
